

Auto Sweetheart

Since I wrote to you

this morning I've been about a lot. In chronological order 1st. I met a Mr. Goldman not the one Rose mentioned, but another, who is looking up a boarding house, with a Jewish Woman, whose husband died recently. She has an 8 room house and she may be able to take us in. I'm to see her tomorrow night so wait for developments.

2nd I got in touch with Mrs. Read & spent the evening there and as I am not sleepy I thought I would spend a while writing to you, I hope you like the flowers.

It seems to me that Regina is quite a Jewish

settlement. They have 2 rabbis
 a lovely school & a talmud torah
 if this woman can take
 us it would be near the
 school and about 2 blocks
 from a school. Also they have
 5 chapters of Hadassah, a
 B'nai Bith and all the
 trimmings so you should
 have a fairly good time.

The weather here is
 comparatively mild, it
 snowed this afternoon
 Well darling that comes
 about all except that I've
 located Mrs. Bauer but have
 not contacted her as yet

Love to Mooker, the kids
 & Minnie
 above you
 Ralph

When you come here darling
come by Plane even if it looks
more, the train trip is
boring and with the Kids,
oh hay oh hay.

Gosh I've never seen
anything quite so flat as the
landscape here.

Will sweetheart food buy
for now

I love you
