

Dearest,

I don't know what to say about visiting you on the 14th and 15th because of the tremendous pile of work that I have got to do, but I will let you know by Friday morning the very latest or I will wire you on Friday night. You haven't any idea of how much I miss you, Darling all will be right with the world when I see you within the next few days although they all seem like years.

Just what do you mean Mr. Potter congratulated you I didn't say anything to him, at all, I wonder if he is guessing, because he asked me if I knew anybody in Vancouver and I said that I knew you very well, and darling I do know that the sweetest girl in the world lives in Vancouver, So that was all I said to the Hon. Mr. Potter. Just at present we are afflicted with a lady from Vancouver who knows all the Vancouver business except her own, I refer to Mrs. Jenny Hersog, who must have been vaccinated with a phonograph needle she talks so much, no foolin' she put me to sleep the other evening with her talking, mother is just about gone crazy with her and darling she is going to stay a week can you beat that, I can't, The Only thing is that I hope she won't want to come back to Vancouver with me on Friday night. I hope not. Won't your Dad be just a little disgusted with me for travelling on Shabbos, I think you had better find out, don't you?

You asked me about my speech at the installation well sweetheart it was too short to be reported on, because when I was speaking my heart was in Vancouver at 2675 Oak at Eleventh, you know what I mean don't you? All I said was to thank the installing officers for their great kindness in coming to Victoria to install the officers, and also to bring their degree team to initiate the two candidates of Victoria Lodge, and that I hoped that the Lodge would be run in such a manner that would bring credit on the name of Judaism. Short and sweet what I mean.

And now about yourself, please darling don't work too hard because I want Mrs. Fromson to be a strong healthy lady, and darling if you give yourself to the Centre as you are doing now all I will have is a very weak sort of person not at all as you are now in the pink of health and beauty, I want you to stay that way. Darling please let me have all the letters you can write for every time I get a letter from you I can see my own darling, window shopping for blankets etc., and don't tantalize me about all the those pretty silk things that you are buying, because you will have me over all the time helping you to buy them (oh; Oh I have done it now because you will write to me about them all the more) Oh darling I LOVE YOU so much that I don't know how to express myself, all there is left to say is that I LOVE YOU so much that it positively hurts.

Until I see you all my love to you from the depths of my soul to you forever

Ralph
