In the near future you will be planning your spring program, as many other organizations are doing at this time. Have you thought of using motion pictures?

For the past several years, B.C. Electric has been supplying the films, equipment and operator, free of charge, to women's organizations, community groups, service clubs and churches. With almost 100 subjects to choose from, many types of programs can be arranged.

It is with a desire to serve your organization that we ask you to contact this office if our service is of interest to you.

Yours very truly,
