Dear Ann

I feel like the very devil for not writing you but I haven't been feeling very well and I have been so damn busy I haven't had any time to breathe.

I couldn't come to Vancouver in October because the boss wouldn't give me any holidays we were so busy but I am trying to get 3 days at New Year so I will try to run over then

How are you Ann? please answer this letter sooner than I answered yours but I really am an awful correspondent

How are things in Vancouver? Positively awful here dead as the very mischief. The congregation are holding a dance tonight in their new ball room hall what I mean all modern art etc you know the stuff I mean wish you were here for it, be lots of fun wouldn't it

howe's Becky & the rest remember
me to them please.

This letter's a little rough
isn't it however, it's the best I
can do.

Please Ann don't keep me
waiting for a letter as long as
I kept you

Sincerely

Joseph

Please don't forget our highly
estimable Bethe & Becky
