Dearest,

Received your most wonderful letter, and I don't like to be sarcastic, but you might seal them it would help a lot. However a letter from you makes the day seem brighter, and is just like seeing your most wonderful smile. I love you so much Ann, that I am afraid I don't know what I would do if anything happened to you. However to speak of brighter things, are the photos a grand success, when will they be ready, this week I hope, I know that your's would be O.K., but mine I am not so sure about. When are you going to send them over, when you do I will return the money I owe you. They are just beginning to hear about it in Victoria and the phone in the office is working overtime, the office boy is just about ready to give me a black-eye if I get any more calls, but I love it for every time they call me I know how much I love you (you know what I mean) we were going to make it a surprise, but! Vancouver people have friends in Victoria and secrets Oh Yeah!

Dad's trip to Vancouver has been delayed a short time but they should be over there in a week or two at the very latest. will you be glad to see them? When are you going to come to Victoria, Mother wants you this week end if you come send me a wire. I want you to come most terribly. I want to talk to you and the blinking machine I am using wont spell properly, and I want express myself as I want you to hold you and kiss you, and the own sweet self in person is enough to make sing and dance even if I can't. So you are going to come to Victoria for the week end, splendid. I'll meet the boat just tell me the time and will I be there, just ask me.

You are a sweet thing to want to write to Bill I think Bill loves you as much as I do although I don't want him to take you away from me, but I don't think that is possible do you? Nobody could love you as much as I do and breathe I can hardly breathe myself. He congratulated me this morning and told me what a lucky fellow I was, I know that I'm lucky, otherwise you would not have accepted me.

Well dear let me know when I should meet the boat from Vancouver this week end for I want you so. Give my love to Mother, Dad, Miriam, Elizabeth, Rose and family from Mother and Dad, who hope to see you this week end with all the love that I bear for you
