Comrades:

RE: Operation of Bingo Games - 1970

The office of the Provincial Attorney General has informed us that in order that you may continue to operate Bingo this year, it will be necessary that each Branch apply in writing at the earliest possible time to the Attorney General's Department for an official application form for permission to operate.

The Department, when acknowledging your request and sending you the application form, will apparently authorize a temporary continuance of your operation under the rules which applied in 1969 and this will apply until your application has been officially considered by the Department.

Yours fraternally,

L. H. Harrison
Executive Assistant
