

Cygnus Hill Pk.

Dearest.

I don't know how to begin this letter at all I still love you more than ever since you are not here. Darling I will be over in about 2 weeks, we are so busy here I don't know where to start, my assistant only succeeded in finishing my work so badly that I will have to work over the weekend to get it

straight again. You say
you were "shiken" when
you went aboard the
boat you should have
seen a girl that went
on after you she was
"shiken".

Well dear I must
get back to work so
so long darling

Love

Gaby
